

# YANNIS MAXITAS MOULA

## PROFILE

My name is Yannis Maxitas Moula, and I am a 25-year-old man from Oslo. I am an engaged, goal-oriented, and cheerful person with a positive attitude and a meticulous approach to all the work I do. With strong IT skills, I have a solid understanding of technological solutions and can effectively apply them in various work contexts. I enjoy taking initiative and showing responsibility in all the projects I undertake. My natural ability to collaborate, combined with my friendly personality, allows me to easily adapt in work environments.

## LANGUAGES

Norwegian

English

## EDUCATION

### University of Bergen | august 2022 - june 2025

Bachelor in Information Science

## PROJECTS

### In-depth analysis of Vipps' information systems

Conducted a comprehensive analysis of Vipps' information systems, focusing on system architecture, data processing, and security protocols. Provided recommendations for optimizing system performance. Grade: A.

### Predictive analysis of fish catches

Developed four predictive models using machine learning to forecast fish catches based on historical data from the Norwegian Directorate of Fisheries. This project involved extensive data processing and feature engineering. Grade: A.

### Clothing visualization app

Designed and developed an app that allows users to visualize clothing on a virtual avatar before purchase (only a prototype). The project involved image processing and integration with e-commerce platforms. Grade: C.

## WORK EXPERIENCE

### Substitute at Radarveien kindergarten | 2018

Highlights: I got my first taste of working life and developed my communication skills through daily interactions with both children and adults.

### Professional football player | 2019 - present

Clubs: KFUM Oslo, Nardo FK, Bærum SK, Ullern IF, Øygarden FK, Sotra SK, Lysekloster IL.

Highlights: Promotion to the 1st division in 2018, made it to the playoffs to "Eliteserien" in 2019, 3rd place in the 2nd divisjon in 2023.

### Summer Internship at Mille Consult | 2024

Highlights: Contributed to the development of software solutions using C# and gained practical experience with Microsoft Azure. Received positive feedback from the supervisors for my ability to quickly learn and apply new technology.
